Prison De-Annexation off the Books ..for now

Letter from the Mayor

*Dear Badinites,
Great news for Badin! Senate Bill 531—which would have de-annexed the prison from Badin and reduced the Town’s yearly revenue by one-third— was withdrawn from the NC House of Representatives. Thank you, Badin, for all of your phone calls and emails to the NC House and Senate Representatives in Raleigh and to your Facebook friends you asked to call or email on behalf of Badin. All of your*

*efforts were appreciated and helped to turn the tide. Well done, Badin!
Mayor Anne Harwood*

NC Senate Bill 531 has been referred to the Rules Committee. This means this bill could return to the calendar in the fall session. Justin Burr is saying that it **will** return with more de-annexation additions. The town is certainly hoping it will not return, but if it does residents and friends of Badin will again be asked to raise their voices in protest.

Community Input Survey on www.badin.org

There will be a community input survey on the town’s website, www.badin.org, during the month of July.

Badin Town Council’s goal is to gather public input on various Badin topics. Responses will be considered during the town’s ongoing goal-making processes during the coming year.

Badin residents are urged to complete the 10 to 15 questions of the survey.

Median on Roosevelt St.

The Roosevelt Street planter median is the latest revitalization project in the town's continued work to enhance Badin's General Business (GB) District. Although street maintenance funds help offset some of the costs, the labor is primarily provided through a mix of the town's public works department and independent contractors. The town will also look toward grant opportunities in the

next few months to help with the cost of finishing the median aspect of the General Business District streetscape.

Bed and Breakfast Facilities Needed in Badin

Leisurely recreation atmosphere and day-trip opportunities in Badin are extensive but options for overnight stays are limited. When tourists want to visit beautiful places like Badin but have

limited room and board options, everyone misses out. More places to stay mean more visitors may be accommodated and everyone wins.

Plogging

Try this fitness trend: picking up trash while jogging. The exercise originated in Sweden where runners beautify the streets while they burn calories. Grab a grocery bag and rubber gloves and keep Badin beautiful.
